“ Grams had a heart of gold and always knew how to brighten the darkest of days. I suppose it was maybe the fact we shared a birthday that formed the strong bond between us. She taught me the importance of never giving up no matter how much pain life might throw at you. She taught me the values of living life to its fullest and always holding out a caring hand to those who need it. I hope in the coming years i can make her proud looking down upon me. You will always have a special place in my heart grams. Love, your grandson John##imported-begin##John Keselis##imported-end##
